DETAILED ACTION

Allowable Subject Matter

1. Claims 1-10 are allowed.
2. The following is an examiner's statement of reasons for allowance: claims are allowable at least for the reason that the prior art does not teach or reasonably suggest that the first stop and second stop being mounted on the inner surface of the second side wall such that the second edge of the mirror is positioned between the first and second stops, the first stop being positioned adjacent to the peripheral edge and the second stop being positioned such that the mirror is angled downward when the second edge of the mirror is adjacent the second stop as set forth in the claimed combination.

Schnell et al (US Patent No. 6,672,731 B2) discloses the rearview mirror repositioning system comprising a housing (Fig. 2, 12) having a back wall and a peripheral wall being attached to (14), first side wall and second side wall (see Fig. 2 housing 12), mirror (30), driving assembly (40) and an actuator (50), and also a first stop and second stop. But the first stop and second stop are not mounted on the inner surface of the second side wall such that the second edge of the mirror is positioned between the first and second stops, the first stop

being positioned adjacent to the peripheral edge and the second stop being positioned such that the mirror is angled downward when the second edge of the mirror is adjacent the second stop.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
